- > If you can't find a space right nearby, check out parking at Anzavista a bit north of the neighborhood...
- > From Fulton and Lyon, take Lyon street North until you are forced to make a LEFT on Turk. Then make the first possible RIGHT hand turn onto Nido. Go up the hill and it will curve around to the RIGHT and will run into Anzavista. Find street parking anywhere around where Nido meets Anzavista; there should be lots.
- > After you've parked, continue around on Anzavista (South / East / RIGHT) and you'll see a set of stairs on your RIGHT at Encanto. These stairs will lead down to the intersection of Lyon and Turk. From there it's a three block walk downhill to Fulton.
